

Cracking the Code: Building a Perinatal Substance Use Disorder Network

ASAM Annual Conference Participant Toolkit
 North Carolina Perinatal Substance Use Disorder Network

| Section | Content |
|---|--|
| 1. The Challenge: Fragmentation in Perinatal SUD Care | <p>Care spans multiple systems: OB care, addiction medicine, behavioral health, pediatrics, pharmacy, community services, peer support, and public health.</p> <p>Reflection: Where does fragmentation show up in your system?</p> <p>Notes:</p> <p>_____</p> <p>_____</p> |
| 2. Essential Roles in a PSUD Program and then what do you need in your Network | <p>Core roles:</p> <p>Which roles already exist?</p> <p>_____</p> <p>Which roles are missing?</p> <p>_____</p> |
| 3. Cross-Sector Collaboration Strategies | <p>Immediate opportunities:</p> <p>_____</p> |

| | |
|---|---|
| | <p>Long-term opportunities:</p> <p>_____</p> |
| Section | Content |
| 4. Stages of Network Development | <p>Discovery – programs operate independently</p> <p>Translation – shared learning spaces</p> <p>Integration – structured coordination</p> <p>Resonance – broader policy and system influence</p> <p>Which stage reflects your system (s)?</p> <p><input type="checkbox"/> Discovery <input type="checkbox"/> Translation <input type="checkbox"/> Integration <input type="checkbox"/> Resonance</p> |
| Section | Content |
| 5. Leadership Compass Framework | <p>North – Vision (strategy)</p> <p>East – Innovation</p> <p>South – Relationships</p> <p>West – Structure</p> <p>Strongest direction:</p> <p>_____</p> <p>Direction needing development:</p> <p>_____</p> |
| Section | Content |
| 6. Sustaining a PSUD Network | <p>Patient Voice – lived experience engagement</p> <p>Data Infrastructure – shared metrics and evaluation</p> <p>Funding & Policy – Partnerships and advocacy</p> <p>Patient voice ideas:</p> <p>_____</p> <p>Data ideas:</p> <p>_____</p> <p>Funding/policy ideas:</p> <p>_____</p> |
| Section | Content |
| Final Reflection | <p>One action you could take in the next 3–6 months to strengthen coordinated PSUD care:</p> <p>_____</p> <p>_____</p> |
